This is a common question on the university campus and deserves an honest answer. How does one determine the authenticity of an ancient book? C. Sanders, a military historian, outlines three basic tests used by historians and literary critics. These are the internal, external and bibliographic tests. Let's consider briefly how the New Testament stands up to each one.

1. The Internal Test. Here our question concerns the truth of the New Testament. We must be careful here. If you imply that the Greek New Testament is inaccurate, or that it "really" is some translation of some "lost Hebrew Gospel," etc., the authority of the Greek New Testament itself will be undermined.

- **Matt 13:52**
