Dear Members,

In our last edition I said that with going internet we would only publish the Badger Star 4 times a year. Bad Idea! We need to publish it bi-monthly and we will. Since the next bi-monthly edition is the May/June edition, we decided that we need an April edition, so here it is. There will be a May/June edition.

Have we got great events for you!! Starting May 1st is our annual Spring Rally, sponsored by Jerry Zajicek and Marc Wolfram. Then on May 8th we will have our Spring Tech Session, but this year it is in Madison at Zimbrick European. Wim Van den Berg is your host. June 26th is the date of the Golf Outing at Songbird Hills hosted by JoAnne Peterson and Jerry Zajicek.

Now come the rest of the Summer Events.

- On July 10th we will be participating in the “Gathering on the Green” in Mequon with a car show. This is a great, classy event with well over 1000 visitors. In addition to food and entertainment, the event ends with an outdoor performance by the Milwaukee Symphony, Florentine Opera and Milwaukee Ballet. Get ready to shine up your cars for this great opportunity to show them to a very interested audience. More information will be coming with the May 1st Badger Star

- On August 29th we will be hosting a Regional Defensive Driving and Autocross Event at Miller Park. This is not only a Regional Event, it is a very special opportunity. Steve Jones and Nancy Pearson are co-hosting the event, but Frank and Mary Cozza from the Great Lakes Region will run it.

Dean and Nancy Pearson have come up with the idea of a casual Drive and Dine event. The idea is to have a series of very casual evening or weekend dining events that are mostly social gatherings and an opportunity to get to know each other better. There is no formal sign-up. Just call the host and let them know that you wish to join in. See the article in this month’s edition.

This Fall we plan to have a joint-event Fall Rally with the Chicagoland Section and also invite other local sections to join us. The location will be around the Lacrosse area and will include a riverboat dinner cruise. Look for more information in upcoming Badger Stars.

MERCEDES BENZ CLUB – WISCONSIN SECTION

DRIVE to DINE  (Fahren zum Essen)

PURPOSE
The general idea is to foster the opportunity for members and friends to drive and meet for a social function intended solely to have people meet each other in a relaxed, unstructured atmosphere, to drive their Mercedes automobiles, and show or discuss them with others, if they so choose.

It is hoped that many club members who have been unable or uninterested in attending the formal events scheduled by the club might avail themselves of the opportunities to participate in one or more of these gatherings. With that in mind, locations for these gatherings will be scattered around the state in areas where we have members willing to coordinate them with a local eatery.

Further it is intended to provide additional or alternative times for members and friends to get together and also increase exposure of the MBCA-WI Section in the state.

FORMAT
The idea is to keep this simple... A minimum of two members agree on a time and place to get together and inviting anyone to join them. The concept began with the idea of drive-in or other restaurants that would agree to provide seating together for a small group that could order off of the regular menu. Someplace unique for some reason (i.e. atmosphere, food, desert, location, etc.)

If you plan to meet the group on any of these dates, please RSVP to the person listed and let them know how many persons will attend... or Check the web site at www.mbca-wi.org and register online.

Its strong forelimbs are armed with long claws for digging. They are found in warm forests. An adult badger is 2 to 3 feet long and weighs 25 to 35 pounds. Badgers attack with their sharp claws and teeth. A badger that takes damage in combat flies into a berserk rage, clawing and biting madly until either it or its opponent is dead. The creature cannot end its rage voluntarily. A badger can be found to be either solitary, in a pair, or in a cete.
