What sets successful women apart from the rest of the pack? Were they simply born lucky or do they have a secret strategy that led them to the top? Most successful women agree that achieving success requires an ability to recognize opportunities when they present themselves and a risk-taking attitude that allows them to take advantage of these opportunities. Successful women are often happy to share their secrets; what follows is a list of helpful tips from various women who have found success. Here are 7 secrets of successful women. "...

1. Set a Goal. Kate Bussmann meets seven high-flying women who reveal what really took them to the top. Friends were all very understanding, but it did put my friendships under strain. I led a secret double life and submitted my manuscript under my married name. I didn’t want people to think I'd been published because of who I know. When I got my deal I told my boss and she screamed. Everyone was so pleased for me. I now make more of an effort to be there for friends and to do things with my husband as a couple. Heather Jackson, 43, (right) a strategic marketing consultant, launched An Inspirational Journey, a training and mentoring organisation helping women climb the corporate ladder to board..."...it's definitely not too late for any of us to learn now what we need to do."Dr. Donna Brooks. For years, professional and business women have been hindered by traditional role models, stereotyped views, and even their own family's attitudes. Despite these barriers, hundreds of women have found the path to success. In this eye-opening book, Donna and Lynn Brooks explore the strategies these women have used to succeed and provide a blueprint any woman can use to achieve success in their personal and profes...
