The Magic Screen: Fantasy in TV and Film

Myrna Allen, Linda Bedwell, Jonathan Lewis, Kate Thompson, Jocelyne Veinot, Byron Walker

Abstract

The movies have been telling stories of fantasy for decades. Television has followed this trend also. Many fantasy TV series and mini-series are available on VHS and DVD. On-screen fantasy stories are explored here in several major categories.

Plus Fantasy Films are purely fictional and such events do no exist in real life. Science fiction on the other hand focuses more on scientific logic and have stories that could happen if a series or chain of scientific events occurred. Both genres have very broad category and could often overlap with each other. Fantasy Films are in existence since the silent era but they became highly popular after the 80s. In fact the decade of 80s played the important transient phase needed for the fantasy movies. The decade of 50s, 60s and 70s have very few fantasy movies to there credit.
