A collection of essays examining the key question of how far the Ottoman Empire collapsed because of internal problems, and how far Europe’s 'Great Powers' contributed. Most of the essays are titled Germany, Russia, Britain, or France and the end of the Ottoman Empire, for instance, as a title. Interesting, but specific, reading. A collection of essays relating to the Ottoman Empire in the sixteenth century, this book uses an exploration of the larger political and international effects of Suleyman as a theme; it also includes David, Geza's ‘Administration in Ottoman Europe.’ A competitively priced paperback version is available.
