About Contemporary Art. Note: Words in bold below are defined in the glossary for this curriculum (see "For the Classroom" links).

Strictly speaking, the term "contemporary art" refers to art made and produced by artists living today. Working in a wide range of mediums, contemporary artists often reflect and comment on modern-day society. Contemporary artists working within the postmodern movement reject the concept of mainstream art and embrace the notion of "artistic pluralism," the acceptance of a variety of artistic intentions and styles. Such artists seek to elevate the process of creating art and move beyond the notion that art should only be valued as an aesthetically pleasing product. Modern vs. Contemporary Art! It is very easy to get the terms modern and contemporary confused, especially when it comes to art. The words modern and contemporary are interchangeable and synonymous by definition. The modern world is basically synonymous with contemporary society and vice versa. While the words are similar in meaning, when applied to art they can be very different. When referring to art, the terms modern and contemporary are used to describe stylistic and practical differences. Art historians tend to agree that modern art began sometime between the late 1800s and lasted until...
