Christopher Columbus has been a controversial figure ever since he began petitioning European kings to fund his fantastical dream of finding a western passage to the Orient. The best antidote to bumper-sticker politics is knowledge. If your kids aren't learning anything about Columbus, or what they're learning is largely negative, here are some well-regarded books that give an age-appropriate, holistic picture of his life and times. I've presented them in order from most appropriate for youngest to older kids. The age ranges are approximate, and geared at families who read to their kids semi-rare.

Follow the Dream: The Story of Christopher Columbus has been added to your Cart. Add to Cart. Turn on 1-Click ordering for this browser. If a student wants to study about Christopher Columbus we would not recommend this book because this book does not tell the true story of Christopher Columbus and says nothing about the native Americans. It's a good story but it doesn't tell the true story about Christopher Columbus, and how he cut off the hands for not finding enough gold for himself. The viewpoint is Columbus was good because in mostly all the pages are Columbus except one page. (By a fourth/fifth grade class in CA). Read more.
