This sixth edition of Redfern and Hunter on International Arbitration takes a fresh look at the law and practice of international arbitration in today’s world, against a background of constant change and evolution. Since the fifth edition of this book was published in 2009, there have been changes too in some of the best-known rules of arbitration, including new UNCITRAL Rules of Arbitration (2010), new International Chamber of Commerce (ICC) Rules of Arbitration (2012), and, in October 2014, new Rules from the London Court of International Arbitration (LCIA). There have also been important developments in the so-called soft law of international arbitration. Written from a practical perspective, this book remains an essential resource for company lawyers who wish to familiarize themselves with ICC arbitration, assess the pros and cons of entering into an arbitration clause referring to the ICC Rules, or obtain information and guidance on how to proceed in a given situation. Arbitration practitioners will find useful information on the practice of ICC arbitration, including various notes of the ICC Court Secretariat and reports of the ICC Commission on Arbitration and ADR. Customers who bought this book also bought: Arbitration. Is Arbitration on!
