This paper presents a historical narrative about the role business and entrepreneurship has played in global development. It starts off with some of the key legacies of the 19th century and describes events through the 20th century in chronological order up until the first decade of this millennium. The paper concludes by peering into the future through the extrapolation of events that have taken place.
During the early 20th century, corporations used holding companies to do which of the following? reduce the power of unions. Which of the following is an example of a trust? a transport company that agreed on rates with its competitors. Madame C.J. Walker was an entrepreneur who became successful by improving and selling which of the following? beauty products.
