SAGE Publications is proud to announce the Encyclopedia of Community, a major reference work that summarizes the many fascinating and important concepts of a global topic. Community itself is a concept, an experience, and a central part of being human. Whether the reader is a student, researcher, or professional in the field of psychology, sociology, or even economics, this three-volume work will provide the necessary definitions of community beyond traditional views. See Small World Phenomenon; Ties, Weak and Strong Small Towns Small World Phenomenon Smart Growth Social Capital Social Capital, Benefits of Social Capital, Downside of. Goods Internet in Europe Arabianranta—A Virtual Village and Design Oasis Island Communities Tristan The encyclopedia covers communities of the past and present, from 19th century utopians, to the communes of the 1960’s, to today's Rotary Club, Amish, and cyber communities. Developed by award winning editors Karen Christensen and David Levinson with a board of leading scholars, the Encyclopedia of Community is essential for history, sociology, psychology, anthropology, economics, and public administration students and the interested public, who will turn to the encyclopedia for inspiration and illumination, stories and strategies. How about open or read a book allowed Encyclopedia of Community: From the Village to the Virtual World? Maybe it is for being best activity for you. Community, a subject that lies at the heart of dozens of social initiatives and academic endeavors, has at last been explored in a resource large enough to encompass its variety and complexity. The Encyclopedia of Community: From the Village to the Virtual World is the creation of a global team, led by senior academic editor Karen Christensen of Berkshire Publishing Group, of nearly 400 scholars and professionals. The encyclopedia captures the fullness of our deep and contradictory responses to community, drawing on the work of historians, sociologists, anthropologists, town planners, and expe
