Encyclopedia Of Illustration Techniques has 21 ratings and 0 reviews. Whether you are a graphic artist or just want to draw like one, this is the book for you. Illustrated with hundreds of color photographs, here's an A to Z directory of a variety of media and techniques for using them. Learn about line and wash, monoprint, resist, paperboard, markers, gouache, computer illustration, enlarging, and airbrushing. Discover what it takes to go professional, covering everything from putting together a portfolio and self-promotion to contracts and delivery. The final section contains a complete gallery of finished works that demonstrates the variety of effects that can be achieved.
