The study is devoted to the conscription during socialism in Bulgaria and presents the digitization of materials and the researches for the conscription and the ideas for creating a digital archive of soldiers’ legacy of the socialist period.

There were other forces, such as the brief period of the leadership of Yuri Andropov and his supporters, who were conscious of the urgent need to overcome manifestations of parasitism and to rekindle the revolutionary spirit of the masses in building socialism. Why they did not prevail and become dominant is not possible to know but does illustrate the absolute vital role that Marxist Leninist revolutionary vigilance accompanied by vigorous Communist polemics plays in reaching the best of all decisions as to how to mobilize the creative power of the people to move forward.

Armed soldiers carry a banner reading “Communism” march along Nikolskaya street towards to the Kremlin Wall in Moscow in this photo taken in October/November 1917. Vladimir Lenin, disguised by being clean-shaven, as he hid out in a village near Razliv railway station, 35 km northwest of St. Petersburg in August 1917. Russia's deposed Czar Nicholas II sits on a tree stump with three of the soldiers who held him captive standing in the background at Tsarskoe Selo, the residence of the Russian czar, outside St. Petersburg in this photo taken in spring-summer of 1917. The czar, his wife...
Alexandra and their five children were executed in 1918. Virtually every Democratic Party politician, Black or white, claims the legacy of Martin Luther King Jr. Conveniently forgotten is the fact that in the final years of his life, before his assassination in 1968, King broke with Democratic President Lyndon Johnson over the Vietnam War and the administration's failure to enforce civil rights legislation in the South. That's something no Democrats of national stature have been willing to do today. While the reforms advocated by King for most of his life were mild compared to the demands of the more radical Black nationalists, they were n
