Rite of Passage is a book written by Richard Wright, one of the world's greatest authors. It takes place around the 1950's. This book is about a teenager who, at the age of 15, finds out that the family he has been with all his life is not his real family. Because of this, he becomes really angry and runs away from his home to find out what happens next. Think that you should read the rest of the story.

The book Rite of Passage by Richard Wright I thought was interesting and easy to follow. It was adventurous and was exciting. Rites of Passage: Essays that explore notable life transitions and events, big, small and absurd.
