The Anchor began in 1887, and was first issued weekly in 1914. Covering national and campus news alike, Hope College's student-run newspaper has grown over the years to encompass over two-dozen editors, reporters, and staff. Each Wednesday throughout the academic school year (with few exceptions), the latest issue is distributed across campus. Occasionally, the volume and/or issue numbering is irregular. An index to the full collection can be found at the Joint Archives of Holland. For the most current issue, please visit The Anchor online.

My name is Secret and I am a Political Science and History double major at Hope College. Because of this, I will instead be going to Vietnam in May 2019 and need your help.
