Description

Canadian Courts: Law, Politics and Process is the first and only Canadian text to specifically address the relationship between law and politics. Students will benefit from the broad, balanced portrait of the actors and institutions involved in Canada’s judicial process provided by this core text. Taking a cross-cultural, comparative approach, the authors showcase Canada’s legal system by illustrating the ways it differs and agrees with other systems worldwide. Each chapter features engaging case studies that encourage students to apply the concepts, theories, and critiques developed in the text. Comprehensive and accessible, Canadian Courts is simply the most up-to-date and relevant book available on the Canadian judicial process.

Judicial Process: Law, Co has been added to your Cart. Add to Cart. Turn on 1-Click ordering. "It goes beyond what typical Judicial Process books cover by also explaining the different kinds of legal systems, differences in criminal/civil law as well as discussing the role of lawyers and judges in the system. While it has a great deal of breadth, most of the individual chapters go into depth as well."
