How God became king: the forgotten story of the Gospels

Nicholas Thomas Wright, Biola University

Description
New Testament scholar N.T. Wright reveals how we have been misreading the Gospels for centuries, powerful restoring the lost central story of the Scripture: that the coronation of God through the acts of Jesus was the climax of human history. Wright fills the gaps that centuries of misdirection have opened up in our collective spiritual story, tracing a narrative from Eden, to Jesus, to today. Wright's powerful re-reading of the Gospels helps us re-align the focus of our spiritual beliefs, which have for too long been focused on the afterlife. Instead, the forgotten story of the Gospels reveals why we should understand that our real charge is to sustain and cooperating with God's kingdom here and now. Echoing the triumphs of Simply Christian and The Meaning of Jesus, Wright's How God Became King is required reading for any Christian searching to understand their mission in the world today.

Comments
The empty cloak. The missing middle ; The opposite problem : all body, no cloak ; The inadequate answers -- Adjusting the volume. The story of Israel ; The story of Jesus as the story of Israel's God ; The launching of God's renewed people ; The clash of the kingdoms -- The kingdom and the Cross. Where we get stuck : enlightenment, power, and empire ; Kingdom and Cross in four dimensions ; Kingdom and Cross : the remaking of meanings -- Creed, canon, and gospel. How to celebrate God's story.

Recommended Citation

An interesting premise, which defines some of today's religious politics: Why do some churches focus solely on creeds at the expense of the Gospels? What is in the Gospels besides content How God Became King: The Forgotten Story of the Gospels
How God Became King has 1,973 ratings and 217 reviews. Ben said: I've decided that N.T. Wright is at his most interesting (and usually his most thought provoking) when he is explaining his own New Testament work. New Testament scholar N.T. Wright reveals how we have been misreading the Gospels for centuries, powerfully restoring the lost central story of the Scripture: that the coronation of God through the acts of Jesus was the climax of human history. Wright fills the gaps that centuries of misdirection have opened up in our collective spiritual story, tracing a narrative from Eden to the end. This description of the message of the Gospels is entirely appropriate. Indeed, at first glance, it seems as if it offers only what Christians have long believed. But the second part of the title reveals that Wright's thesis has an edge to it. Christians and critics alike have largely and long forgotten or missed the real story of the Gospels. Wright seeks to restore us: post tenebras lux.
