Lexicographic research on Australian Aboriginal languages 1968-1993 (1.655Mb)
Clarence Barnhart (USA, 1900–1993) English language general dictionary. David Barnhart (USA, born 1941) English language. Robert Barnhart (USA, 1933–2007) English language. Nathan Bailey, with John Kersey the younger, was a pioneer of English lexicography, and changed the scope of dictionaries of the language. Greater comprehensivity became the common ambition. Up to the early eighteenth century, English dictionaries had generally focused on "hard words" and their explanation, for example those of Thomas Blount and Edward Phillips in the generation before.
