An Annotated Bibliography on Trauma, Mental Health, and Primary Health Care in the Middle East. Noor Amawi, PsyD. Richard Mollica, M.D., MAR Jim Lavelle, LICSW Ossama Osman, M.D. Laeth Nasir, M.D. Studies were selected primarily on the basis of their original contribution to the field, the significance of major findings in the study, the fact that they were written primarily by Arab authors about the Middle East. All papers were published in English by peer reviewed journals. Children in war and its aftermath: Mental health issues in the development of international law. Behavioral Sciences & the Law, 12(1), 21-34. This study aimed to establish Egyptian women’s attitudes and beliefs about female genital cutting (FGC) or mutilation. An annotated bibliography provides a brief account of the available research on a given topic. It is a list of citations, each followed by a short paragraph, called the annotation, of about 150 words, commenting on the sources cited. Depending on your assignment, in this paragraph you may reflect on, summarise, critique, evaluate or analyse the source. An annotated bibliography may be a component of a larger assignment or it may be a stand-alone document. Why write an annotated bibliography? Depending on your specific assessment, you may be asked to create an annotated bibliography for the fol
