Abstract
Having a long neck and extra long legs can get you into trouble at the movie theater. A little boy and his giraffe spend a frustrating day together until he gets his kite stuck high up in a tree. It turns out that giraffes are good at getting kites out of trees. Maybe giraffes don't ruin everything, but you DEFINITELY don't want to invite an elephant. Elephants ruin everything.

Giraffes (and their long necks) ruin everything -- from birthday parties to movie theaters, don't invite them there! Except the narrator of this book finds that giraffes (and their long necks) are great at helping out when a kite gets stuck in a tree, changing his opinion about giraffes. This book is a tad bit silly, but not necessarily laugh out loud funny. The narrator doesn't really seem to learn his lesson though, and of course this is yet another book with a boy as the main character. We're re-reading GIRAFFES RUIN EVERYTHING and 8yo is looking for the butterfly on this page. Where is it @HeidiSchulz ? Maybe behind a ballon @chrisrbooks ?pic.twitter.com/pDaBJYDJHl.
