Irish historical statistics: population, 1821-1971

by W.E. Vaughan, A.J. Fitzpatrick
This book provides statistics from the first Irish census of 1821-1971, with the overall totals broken down under counties, provinces and towns. The subjects covered include ages, births, marriages, deaths and emigration. It is the second in a series of ancillary publications supplementing ‘A New History of Ireland’, the first of which was a bibliography of medieval Ireland, c. 1170-1495.
