The superb position of New York City as a center for physiographic study
City University of New York offers full-tuition scholarships to students who join their Teacher Academy. Every student who enrolls is eligible. Students also are given a full-time teaching position at a New York school upon graduation. Students' work to study for these scholarships: they're employed in the school's cattle ranch and Alfalfa farm to fund tuition, room and board along with other expenses. Most of the students from Deep Springs College later will transfer to a four-year institution where they complete their bachelor's degree. As of January 2014, Deep Springs College was clearly a men's college, however, the school is pursuing a transition to co-education. See the Facebook Help Center for more information. Like 69. Tweet. New York City Resources. Arts & Science. CAS. To study a field they love and to explore future employment in a related area. To acquire skills in new technologies and methods that have developed in their fields. To improve their relative standing in a competitive field and a challenging job market. With a bachelor's degree in the 1980s, one could secure an entry level position as an admissions counselor, academic adviser, or student services coordinator. By the 2000s, applicants for these same entry-level positions were not even considered unless they held a master's degree. While holding a graduate degree is not a guarantee of ultimate success, it certainly opens many more doors for employment. A master's degree helps give you job security.
